FORMER JUDGE AND MINISTER DIES FRIDAY

Rev. Fronabarger Devoted Life To Church And School

CAME HERE 1915

Monument Is Planned In Honor of Work He Accomplished

Rev. B. F. Fronabarger, 74, died Friday at his home following a lingering illness of several months. The deceased has been a Baptist minister for more than fifty years, and after retirement from the active ministry was elected County Judge of Randall county, serving two terms.

The funeral services were held at the Baptist church Saturday afternoon at 4:30 o'clock, conducted by Rev. J. R. Hicks, the pastor. A tribute to the life of the deceased was spoken by Dr. J. A. Hill. Visiting Baptist pastors present were Rev. G. I. Britton of Plainview, Dr. G. L. Yates and Dr. M. T. Tucker of Amarillo, and Dr. R. E. Day of Big Spring. The following were active pall bearers: Dr. J. A. Hill, John S. Humphreys, A. N. Burgan, J. C. Dowd, B. T. Johnson, R. T. Bowman and Dr. C. E. Donnell. Honorary pall bearers were: J. D. Gamble, Will Doberts, Ben Short, Jim Chaney, J. C. Baker, Lee Johnson, W. J. Hinkle, H. W. Crain, and W. H. Hardin.

Interment followed at Dreamland Cemetery under the direction of Griggs-Thompson Funeral Home.

Surviving are the widow and four children, Dr. B. F. Fronabarger, Jr., Miss Elva Fay Fronabarger, Luther C. Fronabarger, and Miss Virginia Marie Fronabarger; one sister, Mrs. Lollie Rogers of Edna, Texas, and one brother, Arthur Fronabarger of Wilderville, Tenn.

Benjamin Franklin Fronabarger was born near Montgomery, Alabama, March 10, 1860. The family moved to Tennessee while he was a child. He joined the Baptist

Fire Department Is Praised By Walker in Letter

The Canyon Volunteer Fire Department, through its president, Clyde Davis, last week received a letter from J. J. Walker, praising the work of the local fire boys, together with a sizeable check to be placed in the fund of the local fire department.

The letter in part follows:

"During the campaign day of our national Bosses, they advocated the doing of many things. One of which in my opinion they have failed to do. Namely, to "remember the forgotten man." The man who protects, not only the assets of a life time. Those who protect the comfortable homes of all who live in our city. Many of them if destroyed by fire, their owners would never have another place to call home. I frankly admit that in the past, many of us have failed to remember the Volunteer Fire Boys, and the hardships and expense you boys endure so willingly. We have failed to appreciate the dangerous hazards you are submitted to in the unpaid volunteer protection of our homes.

"Boys, I deeply appreciate the sacrifice you are making.

"Your friend,
"J. J. WALKER."

Hole-In-One Honor Goes to Mrs. Lee Foster

Mrs. Lee Foster is the first woman to make a hole-in-one at the Canyon Club golf course.

In the play Friday afternoon, Mrs. Foster made the ace on No. 7, a 107 yard blind shot up the steep cliff. Lee Foster, L. F. Sheffy and Clyde Warwick were witnesses of the shot.

Dr. H. A. Brown was the first player to receive credit for a hole-in-one at the Country Club. F. E. Savage and Frank Shotwell hold similar honors, but did not seek official recognition in the national club. All of the players have received this honor on No. 7.

1.40 Inches Rain Falls In Canyon

First Good Rain Since August on Tuesday, Wednesday

Two rains amounting to 1.40 inches fell in Canyon Tuesday and Wednesday. Every part of the Plains received moisture, varying in amount from half an inch to 9 inches. Between Kress and Tulia a water spout of from 5 to 10 inches fell.

Strips in Randall county received more moisture than fell in Canyon, while sections of the county report only from one-half to three-fourths of an inch.

This is the first moisture of any consequence in Randall county since last August, with the exception of the snow in February.

Various reports are being made on the wheat, but the yield for the year will be greatly cut from the estimate made following the snow.

The rains of this week will allow the farmers to get started on all kinds of farm work.

Machine Gun And Bullet Proof Wind Shield Received

The new equipment for the sheriff's department has been received according to the orders of the commissioners' court passed a few weeks ago. The new machine gun came Monday, and was given a thorough test Tuesday by Sheriff Bob Barnett and his deputies. The new gun is the type adopted for the United States navy. It is provided with two magazines, one holding 20 shells and the other 50 shells, regular .45 Colt automatic ammunition.

The bullet proof windshield arrived Tuesday and is being installed on one of the sheriff's automobiles.

A number of counties have ordered these machine guns in order to give their peace officers an equal chance against the bandits who roam the country.

Judge I. R. Kelso Resigns Position With Utilities Co.

Judge I. R. Kelso has resigned his position with the Community Power & Light Co. of St. Louis, and its subsidiary companies operating in Texas and other Southwestern States.

Judge Kelso is reported as being dissatisfied with the action of the present officials in handling the receivership which affects the stock of hundreds of consumer-owners in territory served by the company.

MRS. BELLAH WILL BE RETURNED TO TEMPLE

Mrs. R. A. Bellah will be returned to Temple next Sunday for treatment. She was brought home several weeks ago, but physicians advise that she be returned for special treatment for about 21 days. Mr. Bellah and a nurse will accompany Mrs. Bellah.

RETURNS FROM HOSPITAL

Dr. Harris M. Cook was brought home from the hospital Tuesday where he underwent an operation for appendicitis. He is improving rapidly and hopes to return to his work in the College in two weeks.

Mrs. T. S. Furlow and baby returned Monday from Nacogdoches where they have been visiting the past ten days.

Seed Loan Time Is Extended to May 15

Farmers May Take Advantage of Loan From the Government

Extension of time for making application for seed loans has been granted by the Department of Agriculture until May 15th, according to information received by County Agent W. H. Upchurch. It was originally planned to close the time for applications on Monday of this week.

A total of 84 applications had been filed up to Monday, according to Mr. Upchurch.

With the rains of this week, it was thought yesterday that many more farmers would seek to secure seed loans in order to increase their feed acreage.

Farmers desiring loans should see Mr. Upchurch at once in order that they may not be delayed in securing the necessary money for their row crops. The local committee to handle these loans is composed of W. C. Black, T. C. Thompson and R. O. Allison.

Senator Clint Small Stands By Teachers Colleges of Texas

Senator Clint Small, candidate for Governor, expressed his approval of the teacher training institutions of Texas in no uncertain manner while speaking before the Panhandle Superintendent Association at Amarillo Saturday night.

"My first love, above the public school system, is for the teachers colleges. I think they are closer to the masses of people and furnish education to the greatest number. I, for one, do not believe we have too many of these colleges. They could have been distributed better perhaps, but I do not think any single one should be discontinued or made into a junior college."

Senator Small advocated a continuation of the $16 per capita.

He advocated a higher tuition for graduate and professional college, if the tuition was to be raised.

He urged the school men to give the educational program to their legislators in order that they may understand the school needs.

A. L. TROUT DIED ON THURSDAY; FUNERAL FRIDAY

A. L. Trout, 79, died Thursday after a lingering illness. The funeral was held Friday at the Dreamland Cemetery, Rev. J. R. Hicks officiating.

The deceased was a single man, who had been here for a number of years. Nothing is known of his family, and little of his past life. He was employed by L. C. Fronabarger for some time before his death.

Mr. and Mrs. L. F. Sheffy visited in Plainview Sunday.

Melvin Eastwood Is Under Bond Charged With Theft of Car

Melvin Eastwood was placed under a $1500 bond Tuesday, charged with the theft of Henry Bradford's car on Wednesday night of last week. He waived the examining trial and will await the action of the grand jury in August.

In a statement made to County Attorney J. D. Barker and Sheriff Bob Barnett, the young man told of the theft of the car and the trip he made with two other boys from here to Oklahoma City and then to Colorado. At Trinidad Saturday morning about 1:30 o'clock after refueling the car, the boys attempted to drive away without settlement. A shot fired by the station operator hit young Eastwood in the right side of his neck, passing to the left jaw bone which was broken, and his teeth injured. His companions took him to the home of a relative, and the officers in Canyon were notified. He was in jail at Trinidad when Sheriff Bob Barnett, W. C. Black and Mr. and Mrs. A. R. Eastwood arrived Saturday afternoon. After medical treatment, he was returned to Canyon Monday.

The sheriff at Clayton, N. M., located the Bradford car Monday, calling the sheriff's office here. Deputy Glen Costley and Henry Bradford left immediately. However, the Clayton officers contacted Sheriff Barnett as his party was returning from Colorado and the Bradford car was brought on to Canyon, meeting Costley and Mr. Bradford near Dalhart. The car had been abandoned out of gas. Considerable damage had been done to the car, including two bullet holes, fired by the Trinidad operator. The car had been driven 1600 miles while in possession of the boys for the four days and nights.

Stanley Here to Arrange Trip of Dallas Trippers

Henry W. Stanley of the Dallas Chamber of Commerce was here yesterday making arrangements for the visit of the Dallas booster train here on May 12th from 12:10 to 1:10 in the afternoon.

J. H. Cox, Jr., president of the Chamber of Commerce, is in charge of arrangements. C. Wesley Batchelder, vice president, will make an address of welcome.

The Dallas party, headed by the band, will march from the depot. Citizens will be asked to provide cars to take the men back to the train at 1:10 o'clock.

Mrs. Felix Pierce and daughter Fannie Alice and Miss Marie Price attended a beauty school in Lubbock Wednesday of last week.

GLEN COSTLEY RESIGNS AS DEPUTY SHERIFF

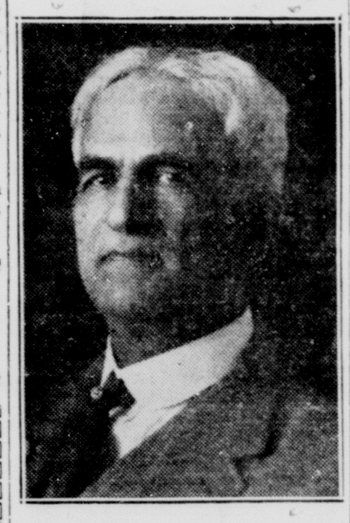
Glen Costley has resigned as deputy sheriff under Sheriff Bob Barnett in order to return to his farm north of the city to put in a crop. He took off some time last month to start farm work, but owing to the rains of this week it became necessary for him to resign in order to devote all of his time to the farm work.

Mr. and Mrs. Tom Knighton and children left Sunday for a visit to Alabama.

IRBY CARRUTH, Vice-President

WALTER UPCHURCH, Director

BURT NEWLIN, Director



SYLVESTER INGHAM, Past President and Director

Officers and directors for the Canyon Rotary Club for the new year starting July 1st were elected Tuesday at the regular luncheon of the Club. The following were named in the election:

Bob Jarrett, President.
Irby Carruth, Vice President.
Harry Brown, Secretary.

Directors: Lee Johnson, Walter Upchurch, Burt Newlin and Sylvester Ingham.

Earl Scruggs of Amarillo was the only visitor.

Ten members of the club plan to attend the district conference to be held at Abilene next Tuesday and Wednesday.

MEXICAN CHILD DIES WITH FUNERAL SUNDAY

Sara Gonzales, 3 year old daughter of Mr. and Mrs. Victor Gonzales, died Saturday morning. The funeral services were held Sunday morning at the Catholic Church, Rev. Father Sienta of Amarillo officiating.

Surviving are the parents, five sisters and two brothers.

Interment was held at Dreamland Cemetery.

CCC COMPANIES MAKE SURPRISE MOVE APRIL 28

Two Veteran Companies Ordered Out Before Time

TEMPLE AND TROY

Col. Coppock Will Leave Saturday For San Antonio

A surprise order came Friday from Fort Sill by which Companies 1824 and 1829 left Saturday for Temple and Troy instead of remaining until May 12th.

Orders were received Thursday by Colonel Edward R. Coppock to return to his station at Fort Sam Houston on May 5th.

Supt. W. F. Ayers left Thursday for Carlsbad where he will visit the Cavern for a week before taking charge of the Longhorn Cavern near Austin.

Orders came fast for the week end, making many changes at the Palo Duro State Park, both as to officers and men. Many of the foremen under Major E. A. Kingsley, superintendent, have been changed, or will be during the coming week, according to instructions received from D. E. Colp, chairman of the Texas State Parks Board.

Major Kingsley stated yesterday that all phases of work in the Park have been re-organized under the new set up, and that all work is progressing in a most satisfactory manner. More than 400 men remain in the two companies, 1821 and 1824. This force is only slightly smaller than comprised the four companies before the recruiting period of the first of April. The work will advance rapidly, states Major Kinglsey. Cement was received Monday which will allow the work on the dam, the lodge and the roads to continue uninterrupted.

Colonel Coppock has made his final report to the commanding officer at Fort Sill in which he makes highly favorable recommendations for the Palo Duro. "The Palo Duro is highly favorable for winter work," states Col. Coppock. "I recommend that 800 men be maintained here for winter work during the coming four years."

"CCC work for veterans should

The milk and cream were scored on flavor, sediment and bottle.

The butter was scored on flavor, body, color, salt and package.

The cheese was scored on flavor, body and texture, make-up and color.

R. T. Furlow and baby and his sister, Mrs. Donie Collins and baby of Sierra Blanca moved to Canyon last week to make their home.

Dogs On Campus Do Much Damage— Will Be Killed

Dr. J. A. Hill has warned owners of dogs that they must be kept off the campus of the College. Much damage has been done by dogs to the flowers and shrubbery on the campus as the result of dogs scratching in the flower beds.

Many of the dogs are without collars and seem to be strays, stated Dr. Hill.

"We would regret to kill anybody's pet dog," stated Dr. Hill, "but we must protect the campus."

CLEAN UP DAY NEXT TUESDAY

City Divided Into Sections to Carry on Clean-Up Work

Tuesday, May 8th, will be Clean-Up Day for Canyon.

The City Federation of Women's Clubs has taken charge of the Clean-Up Campaign, and working in conjunction with the city officials, have called upon all citizens to assist in this spring campaign.

In cleaning up their premises, each citizen is asked to burn all trash possible. All trash which will not burn should be placed in sacks and put in the alley so that it can be hauled away by the city wagons.

The following women will have charge of sections in the city:

Highway east of College, Mrs. Lattimore, 1st to 4th Ave.

1st and 2nd Ave. from highway to 16th St., Mrs. Ben Loudder.

1st and 2nd Ave. from 15th St. west, Mrs. Frances Bryant.

3rd Ave. from 16th east to highway, Mrs. Claude Moore.

3rd Ave from 15th St. west, Mrs. Terry Mayben.

4th Ave. from 16th east to highway, Mrs. C. M. Dowlen.

Proclamation

BY THE MAYOR

Tuesday, May eighth, has been designated as SPRING CLEAN-UP DAY.

There are many reasons why the Spring Clean-Up Campaign this year should receive the enthusiastic support of every man, woman, and child. First, because the Clean-Up Campaign this year is of particular importance, as it can be combined with general welfare work, and be of particular benefit to the unemployed. Second, because every dollar in property destroyed by fire, which so frequently is the result of "careless" housekeeping in the home and in the average place of business, is a serious drain upon our present economic condition. Third, every citizen should have a wholesome pride in his home city, its streets, playgrounds, parks and buildings. Homes and surroundings freshly painted, with well-kept lawns and gardens, increase property values and intensify community interest. Cleanliness creates cheer, courage and confidence.

Now Therefore, I, C. R. Burrow, Mayor of the city of Canyon, do hereby designate Tuesday, May eighth as Spring Clean-Up Day and most respectfully call upon all departments of the city, the Chamber of Commerce, Civic Clubs, Patriotic Clubs and our people in general, to take an active part in this Clean-Up Campaign.

In Testimony Whereof, I hereby sign my name and seal of office, this the first day of May, nineteen hundred thirty-four.

C. R. BURROW, Mayor
Canyon, Texas

Attest—
Harvey Cash, City Secretary.

PANHANDLE MEMBER PRESS ASSOCIATION 1933

What a mess! What a mess! Every time the Panhandle drouth stricken territory is convinced that something is going to happen in their favor, along comes someone and takes away the hope. After highway officials had made a trip to Washington and straightened out the tangle over the special relief fund allotted to the Panhandle, the state relief director cooly told the highway people that there was no such a thing as a special fund for this section. It has been suspicioned for many months that the trouble existed in Austin rather than Washington. It was charged that Lawrence Westbrook kept the Panhandle from receiving any part of this fund last fall; now it is indicated that the present state director will not move a finger to start this special road work until definitely directed by Washington. Those who are in touch with the relief situation are thoroughly disgusted with the whole affair. Nothing is being done to relieve those who really need help, while red tape is piled upon more red tape in order to give more jobs for those who are working in the offices and the administrative end of the deal.

Through the Ferguson leadership, the State Executive Committee recently turned down the proposal to place on the primary election ballot, the referendum on legalizing liquor in Texas. Now the dry forces are taking up the appeal to the Executive Committee. The drys believe that sentiment has changed to the extent that Texas is ready to declare against the repeal of constitutional prohibition in spite of the fact that the state voted in favor of the repeal of the 18th amendment, and voted in favor of legalizing beer. Since that election last year, sentiment has changed to a considerable degree, so the dry leaders believe. At least, the federal government has come to the conclusion that the repeal of the 18th amendment has not stopped bootlegging, and has not stopped the crime wave. The delusion of the wet argument for repeal has been fully revealed to the people, and drys believe that now is the time for them to again strike and strike hard against liquor.

Reports from down state are that none of the candidates for governor have met with much enthusiasm in the opening stages of the campaign, and that the voters are ready for conviction as to the platforms of the various men in the race. The appeal of Senator Small last week at Mexia has meet with an unusual response from the various political leaders of the state, men who are looking for a safe and sane leader who will carefully direct the affairs of the state. Down state they are expecting the Panhandle to stay with Senator Small in the election as a matter of pride for a native son; but at the same time he is not branded as merely a local candidate, as Clint Small has proven himself to be a loyal son of Texas, who has the welfare of the entire state at heart.

There was great surprise for radio listeners Sunday night when Henry L. Stimson, Hoover's secretary of state, spoke in favor of giving the President power to regulate the tariff. Mr. Stimson did not talk like the old time Republican, but came into the Democratic fold so far as the tariff was concerned in regard to agriculture. Mr. Stimson showed that the only way which agriculture could recover was through opening foreign markets for the excess products being raised on lands which were put under cultivation during the world war at the time agriculture was at a standstill in Europe. The radio talk was one of the best Democratic speeches for low tariff that we have ever heard.

Ernest and Bill Frank returned last week from Phoenix, Arizona where they have been the past few months.

Mr. and Mrs. Flaudie Gooman of Muleshoe were in Canyon Sunday visiting in the home of C. E. Cheyne.

Mrs. Young and daughter of Wheeler were guests in the home of Mr. and Mrs. J. E. Cheyne over the week-end.

The Panhandle Press Association will meet in Amarillo Friday and Saturday of this week. This is one of the largest regional associations in the United States, and one of the best. The members will make a trip to the Palo Duro State Park Friday afternoon in order to view the work which is being done toward the development or this great scenic wonder.

Does betting on horse races pay? Yes, it pays the gamblers, and that is the only class benefitted. Something like $3,000,000 were taken from the betting class down at Arlington. The state received about $80,000, and the balance went to the promotors and gamblers. Getting something for nothing has never been worked out.

It is said that Dillinger has at least 300 men scattered over the country who will assist him whenever he needs help. Hero worship runs high among the criminal class. In the eyes of this gang, Dillinger is a super man, and will continue to be their hero until he is caught.

Unless there is a large amount of hail this spring, an abundant fruit crop will be raised on the Plains. Ideal weather has prevailed all winter and spring, excepting for lack of moisture. Those who have irrigated their trees well may expect ample returns from their fruit trees.

Plenty of men would be rich if they could make their earnings reach as far as they stretch them when talking.

Some men spend more time in trying to imitate than it would require to be the real thing.

What's the use of having our good deeds recounted after we die? We can't hear the praise.

'Back to Land' Movement May Answer Cities' Congestion Problems

This newly built home at Euclid, O., provided by the government, is typical of the low-cost houses being furnished on easy terms to industrial workers wishing to live outside their cities.

THAT ill wind, depression, seems to have done some good, after all. The "back to the land" movement, born of hard times in recent years, has provided a long-sought answer to the old problem of population congestion, an evil responsible for high rentals, insanitary living conditions, and other civic ills.

In a great exodus from the big cities in the last several years, more than 4,000,000 depression-hit citizens have moved to little plots of land within auto reach of their work.

Here they live in some sort of shelter, keep a few chickens, perhaps a goat or cow, and cultivate a vegetable garden.

They are away from the dust, filth, and clamor of the city, and they manage to raise a good part of their food, a big item in the family budget. A sporadic or steady income from their work in the city aids them to live respectably.

This new feature of American life must not be confused with the "back to the farm" movement, which occurs during every great depression. Most of the million or so Americans who fled to the farms when the economic going became difficult will return to the city when it has work to offer them.

But flight from the cities to land nearby has all the earmarks of being a definite trend; one ushered in by the automobile, truck, bus, good roads, quick communication, and other factors which make suburban existence desirable.

• • •

UNCLE SAM has grasped at this solution to the problem of decentralizing cities. In numerous cities — Chicago, Dayton, O., and Birmingham, Ala., to mention a few—suburban subsistence homestead projects are either under consideration or under way.

Each of these projects differs in working details, but their fundamental object — to provide industrial workers with a healthy, practical home environment on easy terms—is the same.

There are two other factors which lend weight to the prediction that the industrial worker of the future will enjoy the advantages of suburban life.

Railroads are beginning to go in for more comfortable, inexpensive, and speedy transportation. Lightweight, streamline cars featuring these advantages already have passed successful tests.

And some time in the future Uncle Sam will have available for residence purposes lands that have failed to measure up for farming. Under the government's new long-time plan for retiring sub-marginal lands and re-settling America, the nation's acreages will be studied and surveyed thoroughly and those locations that are unfavorable farm lands, but are picturesque and ideal for home sites, will be offered for that purpose.

• • •

BUSINESS and industry are taking a tip from the new trend. They are discovering that there are such things as universal electric power, improved transportation and communication facilities, and that, therefore, there is no imperative reason why they should pay high rentals in congested centers.

If they should follow on the trail of the "back to the land" pioneers, population congestion in cities will cease to be a fact and decentralization a theory.

GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED

A BORROWED FORD tests 12 competing gasolines on Muldrough Hill, near West Point, Ky., to see which gas can pull the car and 3500-lb. load farthest up hill in high gear.

Will your car have more power on any one gasoline? HERE'S YOUR ANSWER..

Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found...

The power of different gasolines varies widely! And of all 33 gasolines, Gulf is *uniformly best.* 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested!

It won more hill tests than *32 other gasolines combined!* Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE)

All gasolines tested, except a few "third grade" brands, sold for approximately the same price as That Good Gulf. Each brand is denoted by a letter.

Women Contribute to Exchange Recipe Column

Recipes in this column and many more of the best recipes tested and tried by the good cooks of Randall County will appear in the cook book soon to be published. In view of the fact that it was quite impossible to call personally for recipes from all the women of the county who were known to be good cooks, the News greatly appreciates the fact that most of the recipes have been sent in voluntarily. If you have an especially good recipe, do not wait to be called—send it in and receive one of the cook books free in a few weeks.

1½ cups bread crumbs
¼ cup chopped onion.

Mix above ingredients and add the following which has been mixed:

1¾ cups water
½ tsp. celery seed
2 tsp. salt
2 tbsp. lemon juice

Put all in loaf pan with bits of butter on top. Place in oven uncovered and bake at 450 degrees for 30 minutes. Then turn heat to 275 degrees and cover loaf and bake for three hours.

Serve hot with gravy from liquid in pan after loaf is removed or leave loaf in pan to cool and serve cold.

STUFFED TOMATOES
J. DeGraffenried

Tomatoes
Salt
Peas
Butter

Remove the seeds from the tomatoes. Salt the tomatoes and fill with buttered peas.

PINEAPPLE SALAD AND DRESSING
Mrs. A. C. Donnell

For each salad use 1 slice pineapple, salad dressing, then grated cheese and toasted cocoanut. Serve on lettuce leaf.

To make salad dressing, cook together in double boiler: 1 egg, beaten; 1 tbsp sugar, 1 tbsp. flour, pineapple juice and 1 tsp. vinegar.

ORANGE BREAD
Belle Schramm

Parboil 2 cups orange peel, finely cut, in 1 cup water and 1 tsp. soda for 10 minutes. Drain and rinse well in clear water. Add 1 cup sugar and ¾ cup water. Cook until tender and thick. Make batter as follows:

2 eggs (do not separate)
1 cup sweet milk
½ cup sugar
2 tbsp. melted butter
½ tsp. salt
3 tsp. baking powder
3½ cups flour

Add warm orange peel, 1 cup floured pecans. Bake from 1 to 1½ hours in moderate oven. Makes 2 small or 1 large loaf.

CRANBERRY SALAD
Mrs. Ruby McMillan

1 qt. cranberries
1½ cups celery, diced
1 cup cold water
2 cups sugar
1 cup nuts
2 tbsp. gelatine
A dash of salt

Wash cranberries, cover with cold water, cook until tender, add sugar, cook 5 minutes. Soften gelatine in cold water, and add to the cranberries, stir until dissolved (chill) add celery and nuts (mix) and serve with mayonnaise.

SUPERIOR ASPARAGUS SALAD
Mrs. W. G. Harris

Bunch asparagus
Small head of lettuce
¼ cup melted butter
½ tsp. salt
2 egg yolks
1 tbsp. lemon juice
Paprika, cayenne
Lemon slices
Pimentoes

Scrape, rinse well, cut off lower ends and cook asparagus in salted water just long enough so stalks below tips can be pierced with a fork. Dip quickly in ice water, drain and chill. Beat lemon juice and egg yolks with the melted butter, add seasonings, and bring to scald in double boiler. Do not boil. When thick remove from fire and chill. Arrange asparagus on lettuce leaves, turn over the chilled sauce and decorate with lemon slices and strips of canned pimentoes placed between stalks. Sprinkle lightly with grated cheese.

CELESTIAL SALAD
Mrs. John Jennings

1 cup marshmallows
½ cup nuts
1 cup pineapple
½ cup mayonnaise

Mix and let stand several hours on ice. Fold in 1 cup whipped cream and serve on lettuce leaves.

THE Ford V-8 for 1934 is the most economical car that Ford has ever built. It gives you even more miles per gallon of gasoline than last year's money-saving model . . .

Tungsten steel exhaust valve-seat inserts make valve grinding virtually unnecessary for the life of the car. Aluminum-alloy pistons minimize carbon formation . . .

Brakes need relining less frequently because of the great braking surface per pound of weight. And Ford springs—which give free action for all four wheels—seldom require lubricating.

In addition, Ford parts cost from 17% to 59% less than parts for any car selling at near the price. And the record shows that Ford gives you greater "trade-in" value than any other car.

Before you buy any car at any price see and drive the Ford V-8 for 1934.

H. D. CLUB NOTES

American cheese is no longer confined to cheese factories. More than 60 pounds has been made by Miss Lois Mormon, co-operator of Sunny Hill Home Demonstration Club. Miss Morman made part of this cheese for home use and part of it for her neighbors. The cheese will be used as a substitute for meat in the protein requirement of an adequate diet.

Miss Morman entered a block of her cheese in the Canned Meat division of the Fat Stock Show in Amarillo and won first place. She also entered some in the Plainview Dairy Show and won fourth place.

With a hot bed as the source of supply for her garden, Luella Spiser, garden demonstrator of the Johnson 4-H Club has planted nine varieties of seed. These seed include egg plant, celery, cauliflower, cabbage, and tomatoes.

Luella enrolled as garden demonstrator of the Johnson 4-H Club in October, 1933. She is planning her garden so that it will include two new vegetables.

PRAIRIE WINS CUP AT TIPA CONVENTION

Annual Ties For Fourth In Yearbook Contest

DAVIDSON IS SECOND

Huntsville Chosen Host To Convention For 1935

THE PRAIRIE, student publication of the West Texas State Teachers College, was awarded first place in the newspaper contest, class B division, Texas Intercollegiate Press Association, at the annual convention of that organization held on the campus of Abilene Christian College, Thursday, Friday and Saturday.

Receive Loving Cup

Presentation of the loving cup was made Saturday evening at the annual banquet held in the Wooten hotel with the Press Club of A. C. C. as hosts. Delegates from W. T. were Emil Brewer, editor of the Prairie; Bill Pitman, editor-elect of Le Mirage, Sally Mary Campbell of Sweetwater, member of the Ex-students division, and Mrs. T. V. Reeves, sponsor of the Prairie.

Sul Ross State Teachers College placed second in this contest, Abilene Christian College, third, while the North Texas State Teachers College, and McMurry tied for fourth place.

Simmons University placed first in the Class A division. There was no competition for this event.

Yearbook Pleases

North Texas State Teachers College placed first in the yearbook contest, with Simmons University, second, Abilene Christian College, third, and fourth place tied by Le Mirage of the West Texas State Teachers College and A. & I., of Kingsville. Le Mirage of 1933 was entered.

John Davidson of W. T. placed second in the serious short story contest with his story, "Blood of My Blood."

Sally Mary Campbell, a charter member at W. T., was elected recording secretary of the Ex-Students division of the association.

Huntsville was selected as the next host for the annual convention. By constitution, the president, vice-president, and treasurer for 1935 are from that school. They are, respectively, Ralph Andrews, Shirley Sue Ball, and Jassamine Daniel. Other officers are: Paul Forchheimer, Sul Ross, Recording secretary; J. B. Holt, McMurry, corresponding secretary, and Ivan Flynn, Simmons, publicity.

Under the leadership of Trine Starnes of A. C. C., association president, the delegates were entertained with a two day round of events which included an informal party, a barbecue luncheon, an ice cream supper, a tea, and the closing banquet.

Members of the T. I. P. A. are: College of Arts and Industries, Kingsville; Howard Payne College, Brownwood; Abilene Christian College, Abilene; North Texas State Teachers College, Denton; Sam Houston State Teachers College, Huntsville, Simmons University, Abilene; Stephen F. Austin, Sherman; Sul Ross State Teachers College, Alpine; Wichita Falls Junior College, Wichita Falls; McMurry College, Alpine; and West Texas State Teachers College, Canyon.

Umbarger Items

The candidates for the presidency of the Randall County Rural Schools made their campaign talks at Umbarger school Tuesday afternoon.

Mrs. Clarence Beckman and daughter, Margaret made a business trip to Amarillo Saturday.

The Misses Martha and Emma Hollenstein, Velma and Alma Evers, Elizabeth Wieck, Hilda and Pauline Friemel and Alphonse Evers spent Sunday in the home of Mr. and Mrs. Joe Friemel and family.

The children of the Umbarger school are preparing a few numbers for an entertainment to be given on the evening of May 21st. There will also be a pie supper after the program. The public is cordially invited.

A birthday party was given in honor of Irene Artho, Sunday. Those who attended the party were the Misses Anne, Bertha and Regina Hollenstein.

Carl Hartman, Jr., who has been ill for a time is back at school.

The Umbarger 4-H Club held a meeting in the Umbarger school April 25. All but two members were present.

Miss Bass showed us how to make the corners on our dresser scarfs and also how to do a new kind of stitch. The meeting was turned over to the vice-president and was adjourned until May 9.

Sunny Hill News

Some work has been done on the school grounds and more needs to be done. If you have a little spare time and wish to see a well-kept campus, report to Mrs. Roby, who is in charge at present. Every little bit will help to keep our campus attractive.

Donald and Eva Mae Schaeffer missed school Friday to attend the golden wedding anniversary of their grand parents, Mr. and Mrs. H. C. Evans.

Church services will begin at 2:00 o'clock next Sunday instead of 2:30 as has been the custom. These services are well attended. Rev. Scott's interest in the community is very much appreciated.

Bobby June and Jack Ratjen spent the week end in Happy with their grandmother, Mrs. Della Walters.

Ernest Duncan attended church at Sunny Hill Sunday afternoon. This was the first time he had been home for several weeks. Ernest will finish high school in Canyon this term.

Palo Duro Peeps

Mr. and Mrs. Gus Leseberg, Mr. and Mrs. G. H. Leseberg, and Mr. and Mrs. Raymond Tucek were dinner guests in the C. W. Bauer home at Happy Sunday.

Mrs. Pauline Wendelken and Roland and Wilburt were visitors in the Clem Dugan home Sunday.

Mrs. Fred Schuette will be hostess to the Ladies Aid Thursday afternoon.

Mr. and Mrs. Sherman Campbell and family were Sunday visitors in the O. D. Bragg home.

Mrs. Odie Collins, who has spent several weeks in the Herman Meyer home while recovering from an attack of measles, has returned to her home near Happy.

Word has been received of the marriage of Miss Erna Meyer, formerly of this community, and Mr. John J. Small of Carlsbad, N. M. Mr. and Mrs. Small will make their home in Carlsbad.

MARRIAGE LICENSES

James P. Blake and Miss Freda Prescott, April 23.

C. T. Garringer and Miss Yetta Moore, April 24.

Diamonds and Wedding Rings, E. Burroughs, Jeweler.

CARD OF THANKS

We wish to express our deep appreciation for all the kindnesses shown by our many friends in Canyon. During our loved one's illness, flowers and food were sent and many offers of aid were made, for all of which we are grateful. Following his death friends did much to make our sadness bearable. We shall never forget these kindnesses.

MOTHER'S DAY . . . the day of millions of thrills to mothers whose hearts throb with joy through the manifestations of devotion tendered by those whom they love most, their children. It is the happiest day of all the year to the mothers who receive the tender tributes that mean to them but one thing . . . love recompensed. And it can be the saddest day too, to mothers who carelessly or cruelly remain neglected.

You will find gifts aplenty in Canyon—lovely things that your mother will appreciate—wearing apparel and accessories, Mothers' Day candy, flowers, and attractive pieces d'art and furnishings for her home.

SEND A MOTHERS' DAY CARD WITH YOUR GIFT

But whatever you send, you will want to attach one of our Mothers' Day Cards. See our selection of cards to Mother, to Mother and Father, to Friend's Mother, to Grandmother, and to Aunt.

NO MATTER WHAT IT IS, DRESS, BLOUSE, COAT, HAT, NEGLIGEE, EVEN FABRIC, STORES HAVE A TITLE FOR IT

BY HARRIET

THAT everything must have a name seems to be a rule these days. No longer do you walk into a store and ask for "that cute pink dress that I saw in the window yesterday." No, indeed, you inquire for "Rosebud," "Starlight," "Daydreams" or what have you. Blouses, dresses, coats, hats, as well as lounging pajamas, negligees and the like are identified by title.

Bright young designers, particularly our own American ones, playfully maintain that the customer must name it before she can have it.

To go a step farther, even fabrics have names this spring. There are perfume prints for all occasions that carry out the designs and color schemes suggested by the flower that go into the perfumes from which the materials take their names.

And there's something intriguing about wearing a negligee in a sweet pea print and using a bit of sweet pea perfume behind the lobe of e. . pearly ear or touching your throat with a drop of lotus scent and donning pajamas ingeniously printed with lotus blossoms.

• • •

SPEAKING of negligees, they are made for comfort and for sheer beauty this spring. They have wide, comfortable sleeves and, for the most part, plain necklines, with an absence of cumbersome bows or feathers.

Many new pajamas are patterned after the Russian theme. These have wide-bottomed trousers and hip-length blouses that are to be worn outside the trousers.

The sleeves are full and billowing and wide sashes tie around the waistlines.

Look for vivid prints—they're the latest news in lounging costumes. And, if you want to be ultra-ultra smart, ask to see the prints that are named after perfumes, fruits, or flowers.

Photo Courtesy B. Altman, New York.

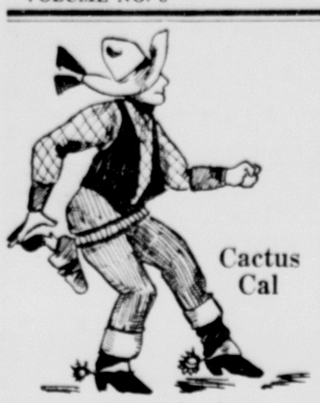
"Miracle" is the appropriately named perfume which lends enchantment to this exotic ensemble—a Russian-type jacket with bouquet design, worn with black silk trousers that are wide and full.

A BEAUTIFUL pale green negligee, printed with a lotus blossom motif in black and white, has a round neckline full, slit sleeves and is tied at the waistline with a wide sash of self material.

The pajamas are as feminine and becoming as a new spring dress. "Miracle" is the name of the perfume which inspires the bouquet design on a new Russian type jacket to wear with black silk trousers that are wide and full.

THE EAGLE'S TALE

VOLUME NO. 8 CANYON, TEXAS MAY 3, 1934. NUMBER 33



There's a little girl I know
That to me does sweeter grow
As the days go flying by,
And the clouds up in the sky
Seem to look and seem to see
That this girl is——

You are prettier most by far
In just being what you are
Than all the other girls of fame;
Because I loved you when you came
Along and promised just to be
My darling swetheart——

And now the time has come, I guess
When to you, I must confess
That I love no one but you,
And I know that you'll be true
Until the time when you will be
My darling wife, my ——

I rekon you think I have started writing poetry, but you are wrong there. This is just one of the poems of a "lovesick senior" to his gal. The blank space is fer her name. He would not put it in, but I have a sneakin idea the name ends in "e." Maybe its Billie Bee, or Winnie Dee, or Marie, or Armor Lee. But it couldn't be Armor Lee 'cause she's tired of reading poetry and walking. Yes sir, she's tired of walking and wants to ride a motorcycle. Eh, Ernest.

Say girls, I got the latest tip for you. I know where you can find out how to be popular with the boys of C. H. S. Just you ask Miss Teal and she'll tell you exactly how to be the one and the only one. Ain't that good news?

According to the reports of the Fish they have had a pretty successful year. More power to you, Freshmen, but please take advice from an old man. Remember you are young, yet. Now, here's the advice. You've had a fairly successful year; so, my advice is to work harder every year from now on in high school, improve a lot over each year, and by the time you are seniors, you will be nearly as gool as the class that is graduating this spring, and that's saying a lot for you. If you can work hard and get to be nearly as good as this year's seniors, it will be a great accomplishment for you, and (maybe I shouldn't tell you but I will) it'll be more'n some folks are expectin' out of you.

Now, I been wondering why Speck has been layin' out of school. Maybe he is trying to get a promotion to a corporal. There's a vacancy. Or may be, he's down some where trying to make arrangements to play football someplace, next year. I wonder. We oughta draw straws to see.

Your pal,
Cactus (Carioca) Cal.

Cone and Lisle Attend I. S. P. C.

Bill Cone and Hampton Lisle, who have been chosen co-editors of the Eagles Tale for '34-35, left Wednesday afternoon for Austin, where they will attend the Interscholastic League Press Conference. The boys will make the trip with Superintendent C. H. Dillehay of Hereford.

Eight Senior Girls Have Taken Part In Athletics

For the past three years girls that are seniors this year, have formed the greater part of the basketball team, and have participated in other sports.

Eight girls that played basketball this year lettered and of those seven were seniors. Captain Armor Lee Greenfield, guard, has lettered 3 years; co-captain Velma Crawford, forward, 3 years; Dora Mae Plaster, jump center, 3 years; Athalee Overton, guard, 2 years; Geneva Whitman, guard, 2 years; Marie Price, guard, 1 year; and Kitty Burus, guard, 1 year. Although Gailen Porter, a senior, did not letter this year, she has lettered two years on the high school basketball team as a guard.

Volleyball has not gained the recognition as yet that basketball holds. This is only the second year that volleyball, as a game, has been played in C. H. S. The seniors that played on the volleyball team this year are Geneva Whitman, Velma Crawford, Athalee Overton, and Armor Lee Greenfield.

Tennis is still comparatively new and only one senior girl has participated in this sport. Athalee Overton did not play tennis this year, but last year she was one of the regular tennis squad.

Spanish Club Gives Annual Banquet; S.P.Q.R. is Guest

The annual Spanish banquet was held last night at 6:30 in the Home Economics dining room. The banquet was served by Miss Brasuel and her home economics girls.

Freida Lowrie, president of El Circulo Castellano, acted as toastmistress and gave the welcome. The Latin club, with their sponsor, Miss Mattie Jordan, were guests of Sl Circulo Castellano.

The dining room presented the scene of a Mexican Cafe, El Cafe Cacto, and was decorated with yellow roses and several varieties of cactus. The menu consisted mainly of Spanish dishes.

The entertainment featured Spanish music. Charming senoritas and gay caballeros made the event a gala affair.

Six New Courses Will Be Offered Studes Next Year

Six new courses will be offered to high school students in the school session of 1924-1935.

Chemistry, which has not been taught for the last three years, will be reinstalled.

A fourth year of mathematics, including a half year each of trigonometry and solid geometry, will be taught.

Journalism, instead of being a half-year subject, will be a year s course.

The eighth grade will have the advantage of a class of public speaking.

Typing, which will be a limited class for seniors, is also to be offered.

Seniors Have Pictures Made For H. S. Hall

Every senior of the class of 1934 has shown a spirit of co-operation by having pictures made to hang on the second floor of the H. S. building.

The pictures were hung in the hall Monday, April 30. This has been done much earlier by the class of '34 than by previous classes.

JUANITA ANDERSON GIVEN PARTY

On Wednesday, April 25, a party, celebrating Juanita Anderson's birthday was given by her mother. The guests were the members of Mrs. Collins' first grade class.

Miss Thorp's first grade class entertained Mrs. Collins' class Friday afternoon with a party.

Foster Won First At Contest

Ruby Foster brought home the only victory from the Home Economics Rally at Austin. She won first place in the selection of children's toys.

There were between eight hundred and one thousand girls from all parts of Texas attending the rally.

Although the other girls did not win a place, it is evident that each gained something worth while from the trip. The other girls who went are: Dora Mae Plaster, Loura Ferne Brian, and Lena Wade Jennings of Canyon High School, and Elora Duncan of the Training School.

Canyon is the only town of the Panhandle who won first place in any contest at Austin.

Faculty Members Have Picnic at Cox's Creek

Last Tuesday night the faculty members of both the high school and grade school were entertained by Miss Jordan, Miss Thorpe, Mr. Fox, Mrs. Cousins, Mr. Terry and Miss Goodrich, who arranged a picnic at the G. W. Cox place west of town. The cars left the high school at 5:30 p. m. The menu consisted of wieners, bacon, rolls, potato chips, pickles, cookies, fruit, coffee and ice cream. It is very evident that faculty members can have as much fun on their outings as seniors have on their day off—sneak day!

Helen Hardman wills her newest song hit, "I Have No Use For the Men," to Lorene Bessire.

ANNOUNCEMENT

Tuesday night in the grade school gymnasium, a program planned by each class, will be presented. Mrs. Robinson urges all parents to attend the program at 7:30.

Fish Beauty Queen

Jean Slack defeated Carolyn Mayfield for Freshman Beauty Queen. The contest was held in order to make enough money to crown Mary Collins and Jack Middleton, king and queen.

Seven Debaters Will Receive Debate Pins

As a reward for five months study on the subject, "Resolved that the United States should adopt the essential features of the British system of radio control and operation," seven debaters will receive pins.

The awards are small gold pins, similar to the ones received last year with the year, 1934, and the word "debate" engraved on them.

Each debater was required to participate in eight debates in order to letter. Those meeting these requirements are: Bob Orton, Alton Brasuel, Jack Oldham, Bobby Jo Cheyne, Irene Thompson, Laura Ferne Brian, and Armor Lee Greenfield.

Supervisor's Column

The school year will soon be over, the annual Junior-Senior banquet coming tomorrow night is a sign of the closing days. While we consider it usually as the primary social function of the year, it also stands as a symbol of the constantly changing personnel of a student body. As one looks over the gathering, he is inclined to a bit of wonder concerning just what these high school boys and girls are getting that is of enduring value.

Is it a great fund of information in various courses? Is it a knowledge of how to make a living? Is it a well-rounded bundle of life attitudes? Is it a whole new set of appreciative possibilities? Or is it a combination of these varied things?

At any rate we keep all of these things in mind while we are working on the program of studies for next year. The State Department of Education is pointing the way with the present serious study of curriculum possibilities. Next year will find courses in the art, journalism and public speaking, along with our literature, languages, mathematics, vocational work, and social and physical sciences.

And so I believe that your public school is making every effort to adapt its curriculum to the needs of the boys and girls of Canyon today. Hence, closing on the same note with which I began, I believe that these boys and girls are getting much in school to go with their happiest social function of the year.

Frog Escapes Death At Hands of Fox Because of Size

Did everyone in school hear Helen Hardman yell when Tom Slack and Dan Gerald turned the original "Jumping Frog of Randall County" loose? Boy, that was some frog. From the tip of his nose to the tip of his toes, he was at least sixteen inches long.

"I'll swear it was two feet," Helen explained.

It looked like the poor frog's life was in danger until Mr. Fox could not find a jar large enough to preserve him.

Junior-Senior Banquet Friday

The annual Junior-Senior banquet will be held Friday night at 6:30 at the Presbyterian church. The plates will cost 50 cents.

Milkfed chickens are fine, but milkfed children are better.

Cousins Chosen Valedictorian

The students to receive valedictorian and salutatorian honors this year are Lee Christine Cousins and Lorine Mickle, respectively.

Lee Christine Cousins won the highest honor with an average of 92.5. Lorene Mickle is second with an average of 91. The third highest average, made by Nell Slaton, is 90.8.

Marie Price will be a summer graduate; therefore she is not eligible for honor graduate in this group. Her average is 92.7.

Alton Brasuel, with an average of 89.44, is highest among the boys.

Some high schools offer a scholarship. It is uncertain whether Canyon High School will offer one this year.

"Shirt Sleeves" Senior Play to be Given May 11th

There is an old saying that "from shirt sleeves to shirt sleeves is made up of three generations." That is, the first generation accumulates wealth, the second generation spends the money, and the third generation has to make the money all over again.

The senior play, entitled "Shirt Sleeves," is the story of this traditional third generation.

Come to the high school auditorium the night of May 11th. See and hear the story of Franklin Rand, the father who lost all his wealth, but at the same time gained a better understanding of each member of his family, as a result, a happier home.

Did You Know?

That there are approximately 2300 books in the library of Canyon High School?

That the senior classes had a perfect record on the memory work assigned for last Friday?

That the Home Ec. girls enjoyed the trip to Austin very much.

That Mr. Aubrey Fox's physics class studied the principals of the telescope and microscope last week?

That Mr. Terry tore a hole in a $6 pair of riding pants on senior sneak day?

That Speck Williams has more freckles than has the rest of the senior class put together?

That out of forty seniors there are only fifteen boys?

That traits for an ideal senior boy have been chosen—Leigh Beeson's feet; Arthur Lee's ability; Alton Brasuel's dimples; Ernest Duncan's eye lashes; Scoop Elliston's power over wimmin; J. L. Hefner's cowboy boots; Wilson Hick's lily-white hands; Francis Leach's farm; Owen Miller's tattooed arms; Ray Miller's ability to ride a motor; Tom Slack's muscle-like pop-eye; Maron Tucker's laugh; Speck Williams' S. A.; J. M. Allred's ability to fiddle; Dan Gerald's hair?

That seniors were this dumb—
Freshman: I don't know.
Sophomore: I'm not prepared.
Junior: I do not remember.
Senior: I don't believe I can add anything to what has been said.

May Birthdays

Students of the May birthday
Leave their books to go and play;
Winter's gone and spring is here
So boys and girls desire to cheer.

More Freshman have May birthdays than any other class in high school. There are no seniors with May birthdays.

Cecil O'Donald, a junior, has the first May birthday; it is the 3rd. Prentice McKee, a freshman, celebrates the 11th. Marielle Oldham and Harold Byars, freshman and sophomore, respectively, will celebrate their birthday, the 17th, by beginning their final exams. Jean Slack, also a freshmen, will have a birthday the 20th. Two freshmen, Willard Childers and R. E. Prichard, Jr., celebrate the 22nd. Sophomore Sarah Bonnie Bourn has a birthday the 21st. Jack Oldham and Claudia Fae Teal, juniors, celebrate the 10th and 15th, respectively.

Senior Boys Outstanding In Athletics

The boys of the senior class have played an outstanding part in the athletics of Canyon High this year.

In football, five of the men who played regularly were seniors. This is more than any of the other classes can boast. Those who were regulars were: Captain "Scoop" Elliston, a two-letter man who played end; Dan Gerald, who played tackle. Althouh this was Dan's first year, he played good ball. Next, Alton Brasuel, also a two year letter man, who played guard; T. V. Slack, another two year letter man who played fullback. He was one of the best in the district. "Speck" Williams played quarter-back, but was injured in the third game of the season.

In baseball, four of the seven men who lettered were seniors. There were two mn who were two year letter men. They were: "Scoop" Elliston who played center and forward, and Wesley Williams, who played guard. The one year letter men were Alton Brasuel, guard, and T. V. Slack, who played forward. T. V. was elected captain of the team.

Musical Jubilee Is Great Success

MISTREAT A SUBSTITUTE TEACHER—NOT I

Substitute teachers are just as human and have perhaps, a little more learning than you do—don't you think? From observation in a class of C. H. S. where there was a substitute teacher it was found that the substitute teacher was treated ridiculously. Take advantage of a substitute teacher—not I. For I feel sorry for them. They have been in our places and most of us will fill their places or some very similar places in a few years. They are not here to punish us, but to forward our knowledge. How do you feel about it?

MUSICAL JUBILEE

Did you attend the musical jubilee given by the juniors? The program consisted of both classical and popular music. It was apparent, by the applause, that the jazz type of music was the most popular. Is Canyon High School forcing all types of classical entertainment to give place to jazz and comedy?

ARE WE TRAVELING TOO FAST?

Let's all hope that the modern people of today don't get far enough ahead of themselves to stumble. Everyone we meet today is just going some where or has already been. People are traveling so fast that they are all out of breath. Has the pace been set too fast for us to follow? Can we get to the finishing line before we give out? How do you think it would be to observe this phrase of the Lord? "In quietness and confidence shall be my strength." Don't you think we would get along just about as well?

Improvements Are Made In Home Ec. Room

The third year Home Economics class has been improving the department for the last two weeks.

The most outstanding improvements are the making of new machine covers and the recovering of the screen. During the summer months, the tables are going to be made over and painted. The department is going to be decorated and arranged in modernistic designs and colors.

Seniors Sneak To Methodist Camp, April 20

Friday, April 20, the Seniors of 1934 had their Senior Sneak Day. Mr. George Terry, Mrs. Madison Daugherty and Mrs. Elzie Price chaperoned the group.

The group left town at 7:30 and drove to the Methodist camp grounds. At 9 o'clock they ate breakfast which consisted of bacon, scrambled eggs, coffee, toast, and peach preserves.

The class spent the morning wading, hiking, and playing baseball.

At lunch the group had sandwiches, cookies, fruit, pickles, and lemonade. They returned to town at 3 o'clock.

27 Girl Scouts Spend Week End at Camp Kiwanis

Last Friday afternoon, 27 Girl Scouts, under the leadership of Miss Lois Goodrich, went to Camp Kiwanis, Amarillo Girl Scout Camp to stay until Sunday night.

Miss Goodrich was assisted by Misses Erin Gamble, Osce McCrerey, Nancy Strain, and Arlene Wilson. The Woman's Legion Auxiliary furnished some of the cars and paid the expenses of the truck.

The girls studied the stars, birds, wild flowers, and rocks. Some of the activities the girls took part in were hiking, swimming, signalling, cooking, and archery.

Past and Present Senior Gifts

The seniors have dedicated many useful gifts to the High School the last few years.

The class of '28 put out the last senior annual.

The trophy case in the main hall was given by the class of '29.

The purple curtains for the stage in the auditorium were left to the school by the seniors of '30.

The class of '31 dedicated the senior year book.

A combination of a radio and phonograph was given by the seniors of '32.

Last year the seniors left the curtains for the windows in the auditorium.

This year the seniors are dedicating curtains for the back of the stage in the auditorium.

VANDERGRIFF GIVES DANCE SATURDAY

Mary Lou Vandergriff entertained at her home, Saturday night, with a dance.

The couples danced until refreshments, consisting of cake, peaches and cocoa were served. The music was furnished by "Bob's and Skeeter's Orchestra." The following were present: Chris Wooten, Myrtle Chitwood, "Boots" Johnson, Wade Johnson, Mickey Schmitz, Earl Childers, Willard Childers, Athalee Overton, "Scoop" Elliston, Gailen Porter, Alice Wallace, Bill Price, Mary Ella Lowe, Mary Dowlen, Clois Vandergriff, and the hostess.

Trip to Austin As I Saw It

(By One Who Went)

In my opinion, the trip to Austin was certainly a success. The other contestants will certainly verify this statement.

We left Canyon in Plaster's car at 5:15 a. m. Tuesday, April 24. When seven ride in one car, it, for some reason, grows a little crowded. It was a fight from start to finish as to who would have to sit on the least space. On the way down, the lunches took up the floor room, and four pairs of feet scrambled for a little room, just any where, to get a little comfort. On the way back, it was souvenirs, some of them fragile, which made it worse. But such insignificant incidents didn't dampen any one's spirits.

We arrived in Dallas at 3:45 p. m. and spent until 5:00 finding a tourist camp. In the rounds, we toured negro town and Little Mexico. Little Mexico gave us a taste of city slum districts. We all agreed that we did not want to stay in a tourist camp in that vicinity. The camp we finally located was several miles from the business district. It was a nice camp and we enjoyed staying there very much.

Tuesday night we went to the Majestic Theatre and saw a vaudeville act along with the picture show. We were taken for a tour of the city by three young men, one of whom could sing. Perhaps Dora May and Miss Brasuel and most any of the rest of our crowd can tell you more about them.

The next morning we left for Austin at 8:45 o'clock. Nothing particularly exciting happened until we arrived in Austin. Then the fun really began.

We stayed at the Driskell Hotel, one of the nicest in Austin. We had two rooms. Each had a radio, electric fan, very nice furniture, lamps, bath, and almost every convenience we could wish. One of the hardest things we had to do, was to keep up with our keys. There was no possible way of getting in the rooms from the outside without a key, or admittance from the inside. There was a negro maid, whom we got along with quite well, that we always found to open our door. She also brought us extra wash rags, etc., for souvenirs. For that reason, we particularly liked her.

The first night we were in Austin, we decided to go to the capitol building. On the way, we stopped for cold drinks twice. No one in the party had ever drank a phospate, so Dora Mae and I decided to order one apiece. I chose cherry and as flavors had deserted her, she ordered a chocolate phospate. The "soda jerker" looked rather strange and asked her if she was sure she wanted that or a milk chocolate. She informed him that she had ordered what she wanted. When he came with it, there was quite a smirk on his face. When she tasted it—whew! He had made up a recipe, evidently, for it certainly wasn't good. The flat taste of the chocolate and the carbonated water didn't seem to go very well together. She told him it liked to have killed her, so he gave her a coca cola free of charge. When telling everyone about it, she could not even remember what it was called so she said she had drank a chocolate souffli. Funny thing to be drinking, now isn't it?

Sophs and Fish Have Picnics Wed. and Thurs.

The Freshman class enjoyed a picnic Wednesday afternoon at the Six-Mile Crossing.

The class left the high school at three o'clock under the sponsorship of Mr. Carruth. Games were played until five-thirty. Some of the freshmen stated that Mr. Carruth taught them a new game called "Drop the Handkerchief." Supper was eaten and everyone returned to town.

The Sophomore class went to Cox's farm Thursday evening at six o'clock on a picnic. Miss Goodrich sponsored them. They sang songs, told campfire tales and played on the trolly. They enjoyed a wiener supper and returned to town at nine o'clock.

Dr. Hill Addresses C. H. S. Assembly

Dr. J. A. Hill, president of the West Texas State Teachers College, made a brief talk to the assembly of the high school, Thursday, April 26.

The student body sang "The Eyes of Texas" just before President Hill started his address. He told the students the history of the song and why it had been written. The song was written by one of Dr. Hill's classmates, when both were seniors in the University of Texas at Austin.

The theme of the talk was the choice of a career or life's work after the school work is finished. Several things were mentioned and gave good food for thought to the entire student body, but especially the Senior group. A person must find a life's work that is suitable for his type of person and one that he thoroughly enjoys; otherwise, a successful career cannot be realized.

Correction

The headline, "A Prayer for Rain," in last week's paper, was the title of the following poem, by Frieda Lowrie, a junior, which was not printed:

Rain—
Spring rain—
Come today and wash me clean of remembrance
Let your narrow glass fingers drum
On my cheek;
On my shoulder.
Carry away in your pale cool hands the agony
Of striving after beauty
Poignant as April loveliness.

VIRGINIA BURGAN GIVEN SURPRISE BIRTHDAY PARTY

A surprise birthday party was given by Mrs. A. N. Burgan in honor of Virginia Burgan at her home Friday night, April 20.

After a delightful evening of playing games and dancing, refreshments were served to to Wilma Price, Mary Dowlen, Myrtis Wright, Hugh Douglas, Herbert Slack, Jimmie Ford Burgan, T. V. Slack and honoree.

'Class' on the Ocean Beach

While the ocean waves roar, perhaps with envy, these students of the Los Angeles Chouinard Art School carry on their studies on the beach. Their comely model is Eve Reynolds of the movies, whom the school's students chose as 1934's most typical bathing beauty. She is a petite blond.

Dr. Earl Sparks Publishes Book

Graduated From W. T. In 1915, Finishes At Harvard

Dr. Earl Sylvester Sparks, a graduate of West Texas State Teachers College, has recently published a reference book entitled "History and Theory of Agricultural Credit in the United States."

Dr. Sparks revealed his interest in agriculture while a student at W. T., and comes by his interest in this subject naturally, having been born on a farm near Venita, Oklahoma, in 1891. His boyhood days were spent on farms in Oklahoma, Missouri, and Texas, where he learned the problems of farming.

Graduated in 1916.

He was graduated from the West Texas State Teachers College at Canyon, in 1915, then went to the University of Texas, where he received an A. B. and M. A. degree, in 1919 and 1920. Four years later he completed his post-graduate work at Harvard University and received his Ph. D.

Dr. Sparks taught several years in the public schools of Texas, and while a student, did assistant teaching in the University of Texas. In 1921 he joined the economics teaching staff of Tufts College, where he taught three years, and was finally chairman of the economics department. In 1924 he was called to the University of South Dakota as Dean of the College of Arts and Sciences, and Professor of Economics. While at South Dakota University, Dean Sparks has taught classes in money and banking and agricultural credits. He is author of numerous articles on economic subjects, especially those related to agriculture.

Dr. Sparks' home is in Vermillion, South Dakota.

His book, "History and Theory of Agricultural Credit in the United States," is used constantly as an agricultural economics reference in W. T.

College Gives Last Broadcast

Songs and Talks Feature Sextet, Coffee, and Mateer

On April 25, Wednesday evening, 8:30, the last college broadcast for this year was delivered from station WDAG in Amarillo.

The program included singing by the College Sextette of girls, directed by Miss Pauline Brigham, of the Music Department of W. T.; a speech by Professor Herschel M. Coffee concerning interesting phases of our government; and a talk by Professor W. D. Mateer, of the W. T. Training School, treating briefly the geography and paleontology of the Panhandle of Texas.

During the first semester the college broadcasts occurred once each week and lasted for a period of fifteen minutes. The plan was changed at the beginning of the second semester, making the programs come twice each month and lasting for a period of thirty minutes. Throughout the year, approximately forty programs have been given. General information was given to the friends of W. T., as the programs were a combination of educational and entertainment features.

church at an early age, and started preaching. By teaching and manual labor he put himself and his sister through college. Following graduation, he came to Texas for the purpose of establishing a college. This institution which was called "Springtown Male and Female Institute" was located at Springtown, Texas, where a monument honoring him and others associated with him is to be unveiled in June of this year. His old students had urged that he plan to attend this reunion of his college. On account of the financial panic of 1893, and ill health, he was forced to close his college, which was then attended by more than 300 students.

In 1898 he moved to Weatherford and established a private school called, "The Athenaeum." Later he quit teaching and devoted his full time to preaching, remaining at Weatherford for 17 years.

In 1887 he was married to Miss Virginia Lee Rountree to whom he was a devoted husband during the remainder of his life. Four children were born, all of whom survive.

In 1915 he was called to be pastor of the First Baptist Church of Canyon, and served this church until 1922 when he resigned to devote his time to the development of the Baptist Encampment grounds on Ceta Canyon.

In 1926 he was elected County Judge of Randall county and served for two terms. For the past three years he has been confined closely to his home owing to failing health.

Few men have lived in Randall county who have commanded greater respect on the part of the entire citizenship than has Rev. Fronabarger. During his pastorate, he served the entire community; as a public official, his time was spent in trying to build for the good of all. His life has been a lasting benediction upon all with whom he came in contact.

be the last phase of this service discontinued by the government," believes Col. Coppock. Another recommendation of the Colonel is that the CCC work be confined to public enterprises, such as parks.

In moving the two companies to the train, many Canyon citizens joined in assisting to haul the baggage and men from the Palo Duro. So efficient was the organization that all men were on the train by 2:30 and the special train pulled out 30 minutes before the time set for departure.

The barracks vacated by the two companies will be filled with men this fall is the opinion expressed freely by the army officers. Many companies will engage in soil erosion during the summer, and it is believed that they will return for winter work at the Palo Duro.

Chaplain Glass will continue at the Park. Walter Hardin has been designated to have charge of the educational work in the two companies remaining for the summer.

Major Kingsley and Guy Carlander were named last week to continue as superintendents, Major Kingsley being general superintendent, and Mr. Carlander to have charge of building operations.

For army regulations, Captain Thomas C. Harry of Fort Sill will have supervision of the Palo Duro after Colonel Coppock leaves. Captain Cecil Stiles is senior officer at the Park. Captain Harry is expected to visit the camp several times during each month to assist Captain Stiles of 1828 and Captain Gibson of 1821 with any problems they may have.

George Nason is back with the National Park Service after resigning in January to accept a position with the Minnesota highway department. He will take charge of the plans for development of the Park.

The office of Herbert Maier, western divisional director, has been moved from Denver to Oklahoma City. This places Mr. Maier in closer contact with the Palo Duro.

SOMETHING TO CROW ABOUT

ABUNDANT FRUIT CROP IS IN PROSPECT HERE

J. W. Turner of Umbarger states that the most abundant fruit crop in the history of the country is in prospect for this year if there is no hail.

Having come to the T-Anchor ranch as a cow puncher, and having been a citizen since the county was organized, Mr. Turner speaks with authority as to the outlook for a fruit crop.

All citizens who have observed the fruit trees are enthusiastic over the prospects for an abundant yield this year.

We notice the U. S. fleet has sailed from the Pacific to the Atlantic coast. Someone must have seen Dillinger in the east.

Spring Football Game to be Played Here May 11th

Plans have been completed for the playing of a spring football game here May 11 with the Panhandle Aggies of Goodwell, Oklahoma. The game will be played at night.

This week is the eighth week of training for the new Herd. Coach Baggett has been working his next season's candidates every afternoon as a part of the most extensive spring training program ever held in W. T.

Aggies Are Good

The Aggies are a well-drilled, capable organization and will give the Buffaloes some real fight. Coach Leon Fields states that his men are in fine shape and ready to go.

Among the 30 men working out on the Buffalo gridiron are six lettermen of last year's eleven. This group is headed by Captain John Walker, 215 pound tackle from Spearman. Cagle Teague, Childress, last year a guard, but now a hard running back, Jimmie Holston, Amarillo, back, Lloyd Moore, Pampa, end, Ralph Poe, Pampa, center, and Ted Phillips, Big Spring, back are the other lettermen.

Some Huskies

Other candidates, their weight and experience:

Ends: Jack Davis, Memphis, 185, freshman; Joe Collins, Canyon, 160, freshman; Ernest Tate, Snyder, 180, freshman; Stina Cain, Wheeler, 180, junior college transfer.

EPISCOPAL CHURCH

Next Sunday night, May 6th, Rev. Warwick Aiken will show, at this church, some interesting stereopticon pictures of the Holy Land, which will prove, in a wonderful way, the truth of the prophecies of Scripture.

These pictures will climax the series of sermons which Mr. Aiken has been preaching on Bible prophecy and its fulfillment.

All interested in the study of the Bible are cordially invited to be present.

Anson Weeks and Orchestra to Play Amarillo Monday

"Let's go dancin' with Anson."

How many times have you heard Walter Winchell issue that invitation over the air, when Anson Weeks and his orchestra was playing on the Lucky Strike program?

Now it will be possible to "go dancin' with Anson" right in Amarillo, because Wilbur C. Hawk, President of the Tri-State Fair Association, has signed up this famous radio band for a concert and dance engagement on Monday night, May 7.

Weeks' band has 16 artists, including Bob Crosby, Bing's brother; Frankie Saputo, originator of "The Man on the Flying Trapeze;" and Kay St. Germaine, blues singer. The orchestra has just completed an engagement at the Hollywood Dinner Club in Galveston, where Guy Lombardo and his Royal Canadians are now playing and at Club Forest, New Orleans. For six years they have been featured at the famous Mark Hopkins Hotel, San Francisco, and at the St. Regis Hotel in New York.

Admission prices to both the concert and dance willb e unusually low, considering the quality of the entertainment. Anson Weeks and his orchestra are among the top-notch bands of the country.

Concert prices will be: Lower floor 75c. Balcony 35c and 50c For the dance, $1.25 per person will be charged. There will be no tax.

Reservations may be made by writing Miss Lois Black, care Globe News, Amarillo.
